

PREA ANNUAL REPORT – 2016 (PRISON RAPE ELIMINATION ACT)

OVERVIEW

In 2016, Pioneer Human Services (PHS) contracted for 12 community confinement programs across the State of Washington. These contracts are with the Washington State Department of Corrections (DOC) and Federal Bureau of Prisons (FBOP). PHS ceased operations of two of the 12 programs in 2016 (Longview Work Release and Madison Inn Work Release.)

The development of an agency-level zero tolerance policy ensures that awareness and accountability exist within the agency and throughout its community confinement facilities.

PHS facilities work with the contracting agencies to increase awareness, training, accountability and focused program procedures to work towards sexual safety and a decrease in sexual misconduct.

Overall, there were seven allegations in 2016. Of those allegations, three were found to be substantiated.
