

PREA ANNUAL REPORT – 2017 (PRISON RAPE ELIMINATION ACT)

OVERVIEW

In 2017, Pioneer Human Services (PHS) contracted for 12 community confinement programs across the State of Washington. These contracts are with the Washington State Department of Corrections (DOC), Washington Juvenile Rehabilitation (JR), and Federal Bureau of Prisons (FBOP). PHS ceased operations of 7 of the 12 programs in 2017 (all DOC-contracted facilities) and added one young adult program.

The development and maintenance of an agency-level zero tolerance policy ensures that awareness and accountability exist within the agency and throughout its community confinement facilities.

PHS facilities work with the contracting agencies to increase awareness, training, accountability and focused program procedures to work towards sexual safety and a decrease in sexual misconduct.

Overall, there were three allegations in 2017. Of those allegations, none were found to be substantiated.
