

Hello Everyone,

I am Cathi #112.

To me independance is having the right to choose. Most countries don't,

We have the freedom to choose our job, our speech, our religion and our own choices, and no one can take it away!

This year for me was especially hard. I became permanently disabled July 28, 2017, within a year my whole life changed.

If it wasn't for this place, I would be paralyzed and in a wheelchair. I would not have been able to have my whole spine become titanium as my spine would have been severed. I would not have had the time to recover and a place to heal.

I have been blessed over & over again, and if this place & this country gives me that independance.

" From the bottom of my heart, "
" I will be forever grateful for this place. "
