Time In 10:15:17AM	Elapsed Time 30.05 min	Purpose of Inspection Food Safety Assessment	Establishment Type 1021-26-74 Seats FE
Services Provided Dine-in			

Inspection Comments:

Purpose: To provide food safety and COVID-19 guidance.

The following food safety items were discussed: handwashing, prevention of food contamination, proper holding temperatures, cleaning and sanitizing, and other safe food handling practices.

Discussed COVID-19 prevention strategies including employee health screening, face coverings, sanitizing high-touch areas, and social distancing between staff and customers.

-Each handwash sink must be accessible, have hot and cold running water and be stocked with soap and single use paper towels. Employee replaced paper towels.

COVID-19 is affecting our work. To protect your health and our staff's health, a signature was not collected during the inspection. To help reduce the spread of COVID-19, onsite dining is currently prohibited at food establishments in Washington State. Restaurants can still provide take-out, delivery, or drive-through food and beverage services. Contact the Health Department before making any changes to your menu or style of service to ensure safe processes.

For additional information about COVID-19 please visit www.tpchd.org/coronavirus.

Online Food Worker Card Class

The course is offered in many languages. The cost is \$10 and can be paid by Visa, MasterCard or Discover.
